THE POWER OF ULTRACELL IN A REVOLUTIONARY NEW POWDER

ON-THE-GO
WELLNESS
THAT'S PERFECT
FOR YOUR BUSY
LIFESTYLE.

INTRODUCING ULTRACELL POWDER

Choose UltraCell Powder for:

Bioavailability: Full spectrum, endocannabinoid system-based support made water-soluble for enhanced absorption.*

Full spectrum hemp CBD. Every delightful serving provides phytocannabinoids, flavonoids, terpenes, vitamins, minerals, and more.*

Wellness and inner balance support.

Ease of use. Simply add UltraCell Powder to water to experience the same benefits of the original UltraCell.

A light, refreshing citrus flavor.

THE SCIENCE

The Endocannabinoid System, or ECS for short, is a complex network of receptors that are found throughout your brain, body and immune system. This system is believed to be responsible for balancing functions related to sleep, relaxation, inflammatory responses, and even cognition. Your ECS is fueled by endocannabinoids, which are molecules produced by your body to interact with these receptors. When the production of endocannabinoids becomes slowed or imbalanced, cannabinimimetics and phytocannabinoids, which are cannabinoids produced in the hemp plant, can supplement what the body may be lacking.

CBD, or cannabidiol, is one of the hundreds of naturally-occurring phytocannabinoids found in the hemp plant. Full spectrum hemp CBD oil, found in our UltraCell products, helps restore balance to your ECS and is non-psychoactive.

THE BENEFITS

UltraCell Powder contains full spectrum hemp CBD oil that has been microencapsulated. The powdered UltraCell dissolves easily into water and starts absorbing into your system quickly, for a fast onset of action.*

Supplement Facts

Serving Size 1 flat scoop (0.75 g)

Servings per Container 30	Amount per Serving	% Daily Value
Hemp Oil Extract Powder (from aerial parts)	8.34 mg	±
Cannabidiol (CBD)	2.08 mg	±

± Percent Daily Values not established.
